

Developing Unconventional Gas (DUG)

March 29-31, 2010 ■ **Fort Worth, Texas** ■ **Site:** Omni Fort Worth Hotel ■ **Founded:** 2006 ■ **2009 Attendance:** 800+
■ **Exhibits/Sponsorships Available:** Yes

Hart Energy Publishing's 5th annual Developing Unconventional Gas Conference or "DUG" is the only conference designed to give operators, investors and the service industry the latest insight on unconventional gas plays, from the economics, to production activity to technologies that are needed to successfully develop these reserves.

A&D the Workshop – DUG

March 31, 2010 ■ **Fort Worth, Texas** ■ **Founded:** 2008 ■ **2009 Attendance:** 250 ■ **Exhibits/Sponsorships Available:** Yes

Accompanying the Developing Unconventional Gas Conference is the third annual A&D The Workshop – DUG, which will focus on the acquisition and divestiture environment in shale plays across North America.

Oil and Gas Investor's Energy Capital Week

June 14-16, 2010 ■ **Houston, Texas** ■ **Site:** Omni Hotel, Houston ■ **Founded:** 2008
■ **2009 Attendance:** 500 **Online Attendance:** 1000 ■ **Exhibits/Sponsorships Available:** Yes

Oil and Gas Investor's Energy Capital Week is a three day event for E&P and financial executives seeking in-depth discussion of funding trends, capital deployment and forecasts for future capital access.

Energy Capital – The Workshop

September 14, 2010 ■ Starting and Building an E&P Company is a half-day tutorial program on how to prepare to successfully secure funding for an E&P start-up, and grow to the next stage.

Energy Capital Forum

September 15, 2010 ■ The Forum is designed for executives ranging from those seeking initial start-up capitalization to those whose businesses are well underway and ready to take the next step up the capital ladder.

Energy Capital – Investment Symposium

September 16, 2010 ■ This Symposium provides a neutral setting for public and private companies to present their story to investors, portfolio managers, analysts and fund managers who seek to invest in energy. This day's format is designed for energy companies to present to key buy-side decision-makers with a 20-minute presentation, followed by breakout sessions. Presentations are streamed live & archived on OilandGasInvestor.com

Energy Capital – CFO Forum

September 16, 2010 ■ CFOs and other key financial-department personnel from both private and public oil and gas companies meet to address unique issues facing the financial suites as they maneuver through today's challenges and opportunities.

A&D Strategies and Opportunities

September 1-2, 2010 ■ **Dallas, Texas** ■ **Site:** Fairmont Hotel ■ **Founded:** 2001 ■ **2009 Attendance:** 400
■ **Exhibits/Sponsorships Available:** Yes

Now in its 9th year, and named "the best A&D event in the industry" this is the must-attend industry forum for Business Development executives seeking in-depth discussions on trends and developments in the current A&D marketplace.

A&D - The Workshop

The workshop is designed as a tutorial overview of the upstream Business Development space for newcomer professionals on BD teams and firms that provide services in E&P mergers and acquisitions.

Developing Unconventional Gas (DUG) - East Marcellus

October 2010 ■ **Pittsburg, PA** ■ **Founded:** 2009 ■ **2009 Attendance:** 1450 ■ **Exhibits/Sponsorships Available:** Yes

Leading Marcellus operators share their drilling plans and programs coupled with discussion on the trends and developments affecting economics, geology, technology and exploration. DUG East will also feature expert panels providing updates on the pipeline take-away plans that are helping operators improve well results, reduce drilling cost and take gas to market.
